

ALUMINIUM WATERPROOF BOX

DIE CAST ALUMINUM WATERPROOF BOX MATTE SURFACE

Zhongjda Industry

IP66
PROTECTION
DEGREE

PRODUCT FEATURES

- Aluminum alloy die-casting forming, high temperature resistant, Corrosion-Proof, can be used in harsh environments.
- Surface Treatment: Frosting(light gray), smooth (steel grey).
- Applicable:Terminal box, Distribution Box, Instrument Box, Signal Junction Box, Stope, Coastal factories, Sewage Treatment Works and other environments.
- Protection: IP66.

ALUMINUM SHELL

Zhongjda Industry

IP66
PROTECTION
DEGREE

PRODUCT FEATURES

- 6063 aluminum extrusion production, high temperature resistant, shock resistance, Corrosion-Proof.
- Surface Treatment: Anodic oxidation or Spraying.
- Applicable: communications, medical, photoelectric, security, electronics, instrumentation and other industries.
- Color: Silver, black, gold, can also be customized.
